Introduction

I've studied eschatology (Bible Prophecy) for more than 4 decades now. When I read the news and look at what's happening in our world, I see the stage being set for the soon fulfilling of major prophecies. It's amazing how fast events are unfolding that point to what the Bible calls the "end of the age" or the "last days." Studying Bible prophecy is like reading the news **before** it happens! I believe that it's important to be vigilant and aware of future events so we're not caught off guard. *"There is a God in heaven who reveals mysteries, and He has made known—what will be in the latter days."* — Daniel 2:28

While the Bible doesn't reveal the exact years or days **when** future prophecies will be fulfilled, we can be assured that they **will** happen. Often, these prophecies reveal sequences of world events or scenarios happening at the time which enable us to determine that their fulfillment is close at hand.

The Bible states that in the last days mockers will come saying, *"So Jesus is coming back soon? We've heard this said so many times before. Well, where is He? Everything is going on the same as it was for centuries, nothing has changed."* — 2 Peter 3:3-4 (paraphrased)

The difference now is, world events that align with Bible prophecy are rapidly unfolding, and point to the soon return of Jesus Christ. You will discover these as you read further.

My intention is not to address specific Bible prophecies in great detail; but instead, to give you an *outline* of what I believe are the most important prophetic signs to look for in the days in which we live. Some people may tend to view some of these signs as outrageous “conspiracy theories.” But as the saying goes, “Noah was called a ‘conspiracy theorist’—then it rained!” Those not well-informed about Bible prophecy tend to think that it only predicts doom and gloom. However, it actually does the opposite by predicting an age of peace and prosperity that the world will ultimately experience when ruled by Jesus Christ. So, we don’t have to fear the future!

My purpose for writing this book is to give clear understanding to those not familiar with Bible prophecy; and to reveal which prophetic events will be fulfilled very soon. **Please keep this book available so you can use it as a reference to identify these prophetic signs as they increasingly come to pass.** However, the order in which I present these prophecies does not

necessarily suggest a specific sequential timeline in their fulfillment.

Much of Bible prophecy is both literal and symbolic (allegorical). Literal interpretation also recognizes and understands the figures of speech, symbols, types, and numbers that are found in the Bible. For example, the symbolic Beast (Antichrist) in Revelation is a literal man. Some prophetic books, like Daniel and Revelation, are related and should be studied together.

If you take the Bible in its entirety, 27% of the verses describe prophetic events; 1239 verses in the Old Testament (Hebrew Bible), and 578 verses in the New Testament. So, it only makes sense that we should pay close attention and take heed if almost one third of the Bible relates to prophecy. But it must first be proved that the Bible is reliable before determining if Bible prophecies are accurate and relevant for today.
